

INDEX TO VOLUME 41

Each entry has a coded designation indicating the section of the journal from which that article came. Codes are as follows: (CR) Case Reports; (CRPC) from the Clinico-Radiologic-Pathologic Conference; (E) Editorials; (L) Letters; (OA) Original Articles; (PtA) Pitfalls to Avoid; (RC) Residents' Corner; (SMRIS) from the Symposium on Magnetic Resonance Imaging and Spectroscopy; (TN) Technical Notes.

- A -

- AAFEDT BC, HALVORSEN RA Jr., BOLMAN RM III:
Pseudo-intracardiac air in a heart-lung transplant (CR) 305
- AAFEDT BC, HALVORSEN RA Jr., TYLÉN U, HERTZ M:
Cytomegalovirus pneumonia: computed tomography findings (OA) 276
- ABDELWAHAB IF, NORMAN A, HERMANN G, SANTINI L, KLEIN MJ: Atypical radiographic appearances of tuberculous granulomas of bone (OA) 72
- ABDOMINAL NEOPLASMS: Case of the month #5 (Janzen) (RC) 313
- ABDOMINAL PAIN: Case of the month #5 (Janzen) (RC) 313
- ABNORMALITIES:
Computed tomography and lateral ventricular asymmetry: clinical and brain structural correlates (Grosman and others) (OA) 342
A prospective study of 8413 asymptomatic women undergoing mammography (Rosenbloom and Lisbona) (OA) 207
Transvaginal sonographic evaluation of the retrodisplaced uterus (Lamki and others) (OA) 291
- ABSCESSES: Case of the month #3: pyogenic discitis (Torbiak and Pugash) (RC) 49
- ABSORPTIOMETRY, PHOTON: Regional bone mineral measurements (Ormerod and others) (OA) 59
- ACADEMIES AND INSTITUTES: The Sterling-Winthrop Imaging Research Institute (Potts and Stevenson) (E) 258
- ACCIDENTS, TRAFFIC: Plexiform neurofibroma: report of an unusual presentation (Nguyen and others) (CR) 103
- ACHILLES TENDON: Achilles tendon ossification and fracture (Resnik and Foster) (CR) 153
- ACKERMAN T, REED MH: Osteomyelitis of the tarsal bones in children (OA) 69
- ACQUIRED IMMUNODEFICIENCY SYNDROME:
Disseminated lymphatic tuberculosis in acquired immunodeficiency syndrome: computed tomography findings (Perich and others) (OA) 353
Focal brain lesions on computed tomography in patients with acquired immune deficiency syndrome (Harrison and others) (OA) 83
Legionella lung cavitation (Mirich and others) (CR) 100
- ADENOCARCINOMA: Fine-needle aspiration of bone lesions (Bennett and others) (OA) 65
- ADULT:
Fundic gland polyposis occurring with adult celiac disease (Doris and others) (CR) 149
Malignant sacrococcygeal teratoma in an adult (Pennaforte and others) (CR) 229
- AGGARWAL S, D'ARCY BYRNE B: Posterior fossa epidermoid in a member of a kindred with von Hippel-Lindau disease (CR) 225
- AIR: Pseudo-intracardiac air in a heart-lung transplant patient (Aafedt and others) (CR) 305
- AL WATBAN J: See von SINNER WN It Auth
- ALLEN PS: In vivo nuclear magnetic resonance spectroscopy applied to medicine (SMRIS) 39
- Symposium on magnetic resonance imaging and spectroscopy honoring Andrei Sakharov (SMRIS) 1
- AMPUTATION: Destructive joint disease following replantation of digits of the hand (Brunet and Munro) (OA) 210
- ANATOMY, REGIONAL: Regional bone mineral measurements (Ormerod and others) (OA) 59
- ANDREW ER: An introduction to nuclear magnetic resonance in biomedicine (SMRIS) 2
- ANESTHETICS, LOCAL: A holder for local anesthetic bulbs (Morparia) (L) 314
- ANEURYSM:
Coexisting false aneurysms of the radial artery (McLennan and others) (CR) 300
Embolization of a catheter-related hepatic artery pseudoaneurysm after long-term biliary drainage (Goodacre and others) (CR) 308
Graft pseudoaneurysm simulating desmoid tumor recurrence (Huenschallan and Coblenz) (CR) 219
High resolution magnetic resonance imaging of vascular lesions at the skull base: a review (Kucharczyk) (SMRIS) 14
- ANGIOGRAPHY:
A comparative study of the nephrotoxicity of iohexol, iopamidol and ioxaglate in peripheral angiography (Campbell and others) (OA) 133
Embolization of a catheter-related hepatic artery pseudoaneurysm after long-term biliary drainage (Goodacre and others) (CR) 308
Graft pseudoaneurysm simulating desmoid tumor recurrence (Huenschallan and Coblenz) (CR) 219
Magnetic resonance angiography (Loeffler and Laub) (SMRIS) 19
Mediastinal Castleman's disease: demonstration with computed tomography and angiography (Samuels and others) (CR) 380
Peptic ulcer-induced gastroaortic fistula: difficulty in making the diagnosis with selective angiography (Rasuli and others) (CR) 151
Plexiform neurofibroma: report of an unusual presentation (Nguyen and others) (CR) 103
- ANGIOGRAPHY, DIGITAL SUBTRACTION:
Malignant sacrococcygeal teratoma in an adult (Pennaforte and others) (CR) 229
Spontaneous return of renal flow and function on technetium-99m scan in a patient with renal artery thrombosis following angioplasty (Campbell and Iles) (CR) 389
- ANGIOMA, SCLEROSING: Pulmonary sclerosing hemangioma: unusual cause of a solitary pulmonary nodule (Dawson and others) (CR) 372
- ANGIOMATOSIS: Posterior fossa epidermoid in a member of a kindred with von Hippel-Lindau disease (Aggarwal and D'Arcy Byrne) (CR) 225
- ANGIOPLASTY, TRANSLUMINAL: Spontaneous return of renal flow and function on technetium-99m scan in a patient with renal artery thrombosis following angioplasty (Campbell and Iles) (CR) 389
- ANIMALS, LABORATORY:
Fluoroscopically guided percutaneous gastrostomy: is gastric fixation necessary? (Moote and others) (OA) 363
Magnetic resonance imaging of hydrostatic pulmonary edema in isolated dog lungs: comparison with computed tomography (Mayo and others) (OA) 281
- ANKLE: Achilles tendon ossification and fracture (Resnik and Foster) (CR) 153
- ANOXEMIA: Subcutaneous fat necrosis with hypercalcemia (Cunningham and others) (CR) 158

- AORTOGRAPHY:** Peptic ulcer-induced gastroaortic fistula: difficulty in making the diagnosis with selective angiography (Rasuli and others) (CR) 151
- AREF A:** Design of combined treatment trials (L) 109
- ARMSTRONG P:** See LIU P Jt Auth
- ARNOLD A:** See KIOUMEHR F Jt Auth
- ARTERIAL OCCLUSIVE DISEASES:** High resolution magnetic resonance imaging of vascular lesions at the skull base: a review (Kucharczyk) (SMRIS) 14
- ARTERIES:** Coexisting false aneurysms of the radial artery (McLennan and others) (CR) 300
- ARTERIOVENOUS FISTULA:**
Coexisting false aneurysms of the radial artery (McLennan and others) (CR) 300
Embolization of a catheter-related hepatic artery pseudoaneurysm after long-term biliary drainage (Goodacre and others) (CR) 308
- ARTHRITIS, INFECTIOUS:** Sonography of hip joint in infective arthritis (Shiv and others) (OA) 76
- ARZOUAMANIAN A:** See ILLESCAS FF Jt Auth
- ATELECTASIS:** Case of the month #4: rounded atelectasis (Beck) (RC) 311
- ATHEY P:** See LAMKI N Jt Auth
- ATKINSON SA:** See CUNNINGHAM K Jt Auth
- AWARDS AND PRIZES:** Sakharov, Andrei (SMRIS) 1
- AXILLA:** Mammographic features of hidradenitis suppurative axillaris (Kalisher and Dembner) (CR) 160
- AYUSO JR:** See PERICH J Jt Auth
- AYUSO MC:** See PERICH J Jt Auth
- AZOUZ, MICHEL:** Introducing the journal's new editor (Sutherland) (E) 185

- B -

- BACTERIAL INFECTIONS:** Case of the month #3: pyogenic discitis (Torbiak and Pugash) (RC) 49
Legionella lung cavitation (Mirich and others) (CR) 100
- BALTER MS, FRASER LE:** *Haemophilus influenzae* abscess presenting as an asymptomatic lung mass (CR) 98
- BAMBERY P:** See DILAWARI JB Jt Auth
- BARIUM:**
Case of the month #5 (Janzen) (RC) 313
Fibrovascular polyp of the esophagus with computed tomographic and pathological correlation (LeBlanc and others) (CR) 87
Intramural pseudodiverticulosis of the esophagus in corrosive strictures: report of three cases (Ramakantan and Shah) (CR) 90
The radiologic and endoscopic investigation and etiologic classification of gastritis in children (Manson and others) (OA) 201
- BECK M:** Case of the month #4: rounded atelectasis (RC) 162, 311
- BELANGER JG, BLAIR IG, EIDER AM, FOX AJ, GOLDENBERG MH, MASON JT, NUGENT RA:** Adult myelography with iohexol (OA) 191
- BENNETT JD, YACYSHYN BJ, HADDAD RC, LEFCOE MS:** Fine-needle aspiration of bone lesions (OA) 65
- BHARGAVA SK:** See SHIV VK Jt Auth
- BILIARY TRACT:**
Detection of acute cholecystitis in children (Coughlin and Mann) (CR) 213
Embolization of a catheter-related hepatic artery pseudoaneurysm after long-term biliary drainage (Goodacre and others) (CR) 308
- BIOLOGICAL MARKERS:** In vivo nuclear magnetic resonance spectroscopy applied to medicine (Allen) (SMRIS) 39
- BIOPSY:**
Malignant myoeptelioma of the breast: a case report (Desautels) (CR) 387
Malignant sacrococcygeal teratoma in an adult (Pennaforte and others) (CR) 229
Nonpalpable breast masses: radiologic predictability of malignancy (Hermann and others) (OA) 130
- BIOPSY, NEEDLE:**
Fine-needle aspiration of bone lesions (Bennett and others) (OA) 65
Haemophilus influenzae abscess presenting as an asymptomatic lung mass (Balter and Fraser) (CR) 98
Practical aspects of mammographic-pathological correlation: experience with needle localization (Samuels and others) (OA) 127
A prospective study of 8413 asymptomatic women undergoing mammography (Rosenbloom and Lisbona) (OA) 207
- BLACKIE SP:** See FORSTER BB Jt Auth
- BLADDER:** Pyocystis with urethral obstruction: percutaneous cystostomy as an alternative to surgery (Tung and Papanicolaou) (OA) 350
- BLAIR IG:** See BELANGER JG Jt Auth
- BLOOD CIRCULATION:** Magnetic resonance angiography (Loeffler and Laub) (SMRIS) 19
- BLOOD VESSELS:** High resolution magnetic resonance imaging of vascular lesions at the skull base: a review (Kucharczyk) (SMRIS) 14
- BLOOD VOLUME:** Body fluid volume status in hemodialysis patients: the value of the chest radiograph (Conway and others) (OA) 123
- BODY CONSTITUTION:** A practical ruler for measuring cardiac diameter (Morparia) (TN) 236
- BODY FLUIDS:** Computed tomography fluid-fluid level in bone metastasis (Lum and others) (CR) 296
- BODY WEIGHT:** Body fluid volume status in hemodialysis patients: the value of the chest radiograph (Conway and others) (OA) 123
- BOLMAN RM III:** See AAFEDT BC Jt Auth
- BONE AND BONES:**
Achilles tendon ossification and fracture (Resnik and Foster) (CR) 153
Atypical radiographic appearances of tuberculous granulomas of bone (Abdelwahab and others) (OA) 72
Destructive joint disease following replantation of digits of the hand (Brunet and Munro) (OA) 210
Fine-needle aspiration of bone lesions (Bennett and others) (OA) 65
Multimodality imaging of early heterotopic bone formation (Laurin and others) (CR) 93
Regional bone mineral measurements (Ormerod and others) (OA) 59
- BONE DENSITY:** Regional bone mineral measurements (Ormerod and others) (OA) 59
- BONE DISEASES:**
Atypical radiographic appearances of tuberculous granulomas of bone (Abdelwahab and others) (OA) 72
Fine-needle aspiration of bone lesions (Bennett and others) (OA) 65
Osteomyelitis of the tarsal bones in children (Ackerman and Reed) (OA) 69
- BONE MARROW DISEASES:** Role of MRI bone marrow imaging in recurrent lymphoma (Graeb) (L) 51 (Marcuzzi and Cohen) (L) 51

BONE NEOPLASMS:

Computed tomography fluid-fluid level in bone metastasis (Lum and others) (CR) 296

Fine-needle aspiration of bone lesions (Bennett and others) (OA) 65

BOUTET M: See LeBLANC J Jt Auth

BRACHIAL ARTERY:

Coexisting false aneurysms of the radial artery (McLennan and others) (CR) 300

Graft pseudoaneurysm simulating desmoid tumor recurrence (Huenschullan and Coblenz) (CR) 219

BRAIN:

Agensis of the corpus callosum and colloid cyst of the third ventricle: magnetic resonance imaging of an unusual association (del Carpio-O'Donovan and Cardinal) (CR) 375

Focal brain lesions on computed tomography in patients with acquired immune deficiency syndrome (Harrison and others) (OA) 83

Glomus of the choroid plexus: the normal spin-echo appearance on magnetic resonance imaging (Koopmans and others) (OA) 195

High resolution magnetic resonance imaging of vascular lesions at the skull base: a review (Kucharczyk) (SMRIS) 14

Posterior fossa epidermoid in a member of a kindred with von Hippel-Lindau disease (Aggarwal and D'Arcy Byrne) (CR) 225

BREAST: Radiation exposures received by patients during simulation for breast radiotherapy (McParland and Christensen) (L) 163

BREAST NEOPLASMS:

Cystosarcoma phylloides: calcified pulmonary metastases detected by computed tomography (Samuels and others) (CR) 217

Malignant myoepithelioma of the breast: a case report (Desautels) (CR) 387

Nonpalpable breast masses: radiologic predictability of malignancy (Hermann and others) (OA) 130

Practical aspects of mammographic-pathological correlation: experience with needle localization (Samuels and others) (OA) 127

A prospective study of 8413 asymptomatic women undergoing mammography (Rosenbloom and Lisbona) (OA) 207

BRONCHOSCOPY: Atypical collapse of the upper lobe of the right lung simulating combined right upper and middle lobe collapse: report of two cases (Chong and others) (OA) 358

BRONSKILL MJ: See HENKELMAN RM Jt Auth

BRUNET WG, MUNRO TG: Destructive joint disease following replantation of digits of the hand (OA) 210

BURNS, CHEMICAL: Intramural pseudodiverticulosis of the esophagus in corrosive strictures: report of three cases (Ramakantan and Shah) (CR) 90

BURNS KD: See DON C Jt Auth

BYRNE BD: Magnetic resonance imaging of the spine: a method of vertebral localization (TN) 108

- C -

CALCIFICATION, PHYSIOLOGIC: Subcutaneous fat necrosis with hypercalcemia (Cunningham and others) (CR) 158

CALCINOSIS:

Cystosarcoma phylloides: calcified pulmonary metastases detected by computed tomography (Samuels and others) (CR) 217

Large calcified pleural-based mass in the left hemithorax (Phillips and others) (CRPC) 232

A prospective study of 8413 asymptomatic women undergoing mammography (Rosenbloom and Lisbona) (OA) 207

CAMPBELL DR, FLEMMING BK, MASON WF, JACKSON SA, HIRSCH DJ, MacDONALD KJ: A comparative study of the nephrotoxicity of iohexol, iopamidol and ioxaglate in peripheral angiography (OA) 133

CAMPBELL DR, ILES SE: Spontaneous return of renal flow and function on technetium-99m scan in a patient with renal artery thrombosis following angioplasty (CR) 389

CARCINOID TUMOR: Malignant carcinoid within a recurrent sacrococcygeal teratoma in childhood (Stringer and others) (CR) 105

CARCINOMA:

Fine-needle aspiration of bone lesions (Bennett and others) (OA) 65

Nonpalpable breast masses: radiologic predictability of malignancy (Hermann and others) (OA) 130

CARCINOMA, BRONCHOGENIC: Computed tomography fluid-fluid level in bone metastasis (Lum and others) (CR) 296

CARDENAL C: See PERICH J Jt Auth

CARDINAL E: See del CARPIO-O'DONOVAN R Jt Auth

CARPAL BONES: Computed tomography of wrist trauma (Friedman and others) (OA) 141

CARRIER G: See LeBLANC J Jt Auth

CASE REPORTS:

Achilles tendon ossification and fracture (Resnik and Foster) 153

Agensis of the corpus callosum and colloid cyst of the third ventricle: magnetic resonance imaging of an unusual association (del Carpio-O'Donovan and Cardinal) 375

Coexisting false aneurysms of the radial artery (McLennan and others) 300

Computed tomography demonstration of subarachnoid-pleural fistula (Hicken and others) 222

Computed tomography fluid-fluid level in bone metastasis (Lum and others) 296

Cystosarcoma phylloides: calcified pulmonary metastases detected by computed tomography (Samuels and others) 217

Detection of acute cholecystitis in children (Coughlin and Mann) 213

Embolization of a catheter-related hepatic artery pseudoaneurysm after long-term biliary drainage (Goodacre and others) 308

Fibrovascular polyp of the esophagus with computed tomographic and pathological correlation (LeBlanc and others) 87

Fundic gland polyposis occurring with adult celiac disease (Doris and others) 149

Gated magnetic resonance imaging of metastatic intracardiac malignant fibrous histiocytoma (Catton and others) 96

Giant-cell tumor of the sphenoid bone: case report and review of the literature (Kioumeh and others) 155

Graft pseudoaneurysm simulating desmoid tumor recurrence (Huenschullan and Coblenz) 219

Haemophilus influenzae abscess presenting as an asymptomatic lung mass (Balter and Fraser) 98

Intramural pseudodiverticulosis of the esophagus in corrosive structures: report of three cases (Ramakantan and Shah) 90

Legionella lung cavitation (Mirich and others) 100

Malignant carcinoid within a recurrent sacrococcygeal teratoma in childhood (Stringer and others) 105

Malignant myoepithelioma of the breast: a case report (Desautels) 387

Malignant sacrococcygeal teratoma in an adult (Pennaforte and others) 229

- Mammographic features of hidradenitis suppurativa axillaris (Kalisher and Dembner) 160
- Mediastinal Castleman's disease: demonstration with computed tomography and angiography (Samuels and others) 380
- Multimodality imaging of early heterotopic bone formation (Laurin and others) 93
- Peptic ulcer-induced gastroesophageal fistula: difficulty in making the diagnosis with selective angiography (Rasuli and others) 151
- Plexiform neurofibroma: report of an unusual presentation (Nguyen and others) 103
- Post-traumatic fat embolism in the inferior vena cava (Liu and others) 303
- Posterior fossa epidermoid in a member of a kindred with von Hippel-Lindau disease (Aggarwal and D'Arcy Byrne) 225
- Pseudo-intracardiac air in a heart-lung transplant (Aafedt and others) 305
- Pulmonary sclerosing hemangioma: unusual cause of a solitary pulmonary nodule (Dawson and others) 372
- Radiation-induced malignant pleural mesothelioma (Kawashima and others) 384
- Spontaneous return of renal flow and function on technetium-99m scan in a patient with renal artery thrombosis following angioplasty (Campbell and Iles) 389
- Subcutaneous fat necrosis with hypercalcemia (Cunningham and others) 158
- CATHETERIZATION:**
- Coexisting false aneurysms of the radial artery (McLennan and others) (CR) 300
- Embolization of a catheter-related hepatic artery pseudoaneurysm after long-term biliary drainage (Goodacre and others) (CR) 308
- Fluoroscopically guided percutaneous gastrostomy: is gastric fixation necessary? (Moote and others) (OA) 363
- CATTON C, SHULMAN H, RUSTHOVEN J, WILK A: Gated magnetic resonance imaging of metastatic intracardiac malignant fibrous histiocytoma (CR) 96
- CELIAC DISEASE: Fundic gland polyposis occurring with adult celiac disease (Doris and others) (CR) 149
- CEREBRAL ANGIOGRAPHY: Posterior fossa epidermoid in a member of a kindred with von Hippel-Lindau disease (Aggarwal and D'Arcy Byrne) (CR) 225
- CEREBRAL ARTERIES: High resolution magnetic resonance imaging of vascular lesions at the skull base: a review (Kucharczyk) (SMRIS) 14
- CEREBRAL ARTERIOVENOUS MALFORMATIONS: High resolution magnetic resonance imaging of vascular lesions at the skull base: a review (Kucharczyk) (SMRIS) 14
- CEREBRAL ISCHEMIA: Experimental cerebral ischemia studied using nuclear magnetic resonance imaging and spectroscopy (Sutherland and others) (SMRIS) 24
- CEREBRAL VENTRICLES:**
- Agensis of the corpus callosum and colloid cyst of the third ventricle: magnetic resonance imaging of an unusual association (del Carpio-O'Donovan and Cardinal) (CR) 375
- Computed tomography and lateral ventricular asymmetry: clinical and brain structural correlates (Grosman and others) (OA) 342
- Glomus of the choroid plexus: the normal spin-echo appearance on magnetic resonance imaging (Koopmans and others) (OA) 195
- CEREBROVASCULAR DISORDERS: High resolution magnetic resonance imaging of vascular lesions at the skull base: a review (Kucharczyk) (SMRIS) 14
- CERTIFICATION: The film-reporting session as a qualifying examination in diagnostic radiology (Munro and others) (OA) 186
- CERVICAL VERTEBRAE: Adult myelography with iohexol (Belanger and others) (OA) 191
- CHAN-YAN C: See FORSTER BB It Auth
- CHANDORKAR AB: See MERCHANT SA It Auth
- CHAWLA YK: See DILAWARI JB It Auth
- CHILD:**
- Coronal computed tomography (Friedman and Halla) (OA) 287
- Detection of acute cholecystitis in children (Coughlin and Mann) (CR) 213
- Malignant carcinoid within a recurrent sacrococcygeal teratoma in childhood (Stringer and others) (CR) 105
- Osteomyelitis of the tarsal bones in children (Ackerman and Reed) (OA) 69
- The radiologic and endoscopic investigation and etiologic classification of gastritis in children (Manson and others) (OA) 201
- CHIPPERFIELD P: See GOODACRE BW It Auth
- CHOLECYSTITIS: Detection of acute cholecystitis in children (Coughlin and Mann) (CR) 213
- CHONG BW, WEISBROD GL, HERMAN S: Atypical collapse of the upper lobe of the right lung simulating combined right upper and middle lobe collapse: report of two cases (OA) 358
- CHOROID PLEXUS: Glomus of the choroid plexus: the normal spin-echo appearance on magnetic resonance imaging (Koopmans and others) (OA) 195
- CHRONIC DISEASE: A 50-year-old woman with polymyositis and chronic bibasilar lung disease (Forster and others) (CRPC) 45
- CICATRIX: Graft pseudoaneurysm simulating desmoid tumor recurrence (Huenschullian and Coblenz) (CR) 219
- CLARKE SD: See HARRISON PB It Auth
- CLINICAL COMPETENCE:**
- The film-reporting session as a qualifying examination in diagnostic radiology (Munro and others) (OA) 186
- Maintenance of competence in radiology (Rankin) (E) 121
- CLINICAL TRIALS: Design of combined treatment trials (Aref) (L) 109
- CLINICO-RADIOLOGIC-PATHOLOGIC CONFERENCE:
- A 50-year-old woman with polymyositis and chronic bibasilar lung disease (Forster and others) 45
- Large calcified pleural-based mass in the left hemithorax (Phillips and others) 232
- COBLENTZ CL: See HUENCHULLAN AC It Auth
- COHEN EK: See MARCUZZI DW It Auth
- COIN LESION, PULMONARY: Pulmonary sclerosing hemangioma: unusual cause of a solitary pulmonary nodule (Dawson and others) (CR) 372
- COLONIC NEOPLASMS: Magnetic resonance spectroscopy in cancer research (Smith and others) (SMRIS) 32
- COMBINED MODALITY THERAPY: Design of combined treatment trials (Aref) (L) 109
- COMPARATIVE STUDY:**
- Adult myelography with iohexol (Belanger and others) (OA) 191
- A comparative study of the nephrotoxicity of iohexol, iopamidol and ioxaglate in peripheral angiography (Campbell and others) (OA) 133
- Computed tomography of cardiac and pericardial tumors (Dawson and others) (OA) 270
- Magnetic resonance imaging of hydrostatic pulmonary edema in isolated dog lungs: comparison with computed tomography (Mayo and others) (OA) 281
- Transvaginal sonographic evaluation of the retrodisplaced uterus (Lamki and others) (OA) 291
- Ultrasonography and radiography in the diagnosis of Peyronie's disease (Pohar and others) (OA) 369

COMPUTED TOMOGRAPHY: See **TOMOGRAPHY, COMPUTED****CONTRAST MEDIA:**

- Adult myelography with iohexol (Belanger and others) (OA) 191
 A comparative study of the nephrotoxicity of iohexol, iopamidol and ioxaglate in peripheral angiography (Campbell and others) (OA) 133

A holder for local anesthetic bulbs (Morparia) (L) 314

- CORPUS CALLOSUM:** Agenesis of the corpus callosum and colloid cyst of the third ventricle: magnetic resonance imaging of an unusual association (del Carpio-O'Donovan and Cardinal) (CR) 375

CORRECTIONS:

- Canadian Breast Cancer Series (BR) 166
 Focal brain lesions on computed tomography in patients with acquired immune deficiency syndrome (Harrison and others) 200

- CORROSION:** Intramural pseudodiverticulosis of the esophagus in corrosive strictures: report of three cases (Ramakantan and Shah) (CR) 90

- COUGHLIN JR, MANN DA:** Detection of acute cholecystitis in children (CR) 213

- CRANIAL SINUSES:** High resolution magnetic resonance imaging of vascular lesions at the skull base: a review (Kucharczyk) (SMRIS) 14

- CREATININE:** A comparative study of the nephrotoxicity of iohexol, iopamidol and ioxaglate in peripheral angiography (Campbell and others) (OA) 133

- CROHN DISEASE:** The radiologic and endoscopic investigation and etiologic classification of gastritis in children (Manson and others) (OA) 201

- CUNNINGHAM K, ATKINSON SA, PAES BA:** Subcutaneous fat necrosis with hypercalcemia (CR) 158

- CYSTITIS:** Pyocystitis with urethral obstruction: percutaneous cystostomy as an alternative to surgery (Tung and Papanicolaou) (OA) 350

- CYSTOSARCOMA PHYLLODES:** Cystosarcoma phylloides: calcified pulmonary metastases detected by computed tomography (Samuels and others) (CR) 217

- CYSTOSTOMY:** Pyocystitis with urethral obstruction: percutaneous cystostomy as an alternative to surgery (Tung and Papanicolaou) (OA) 350

- CYSTS:** Agenesis of the corpus callosum and colloid cyst of the third ventricle: magnetic resonance imaging of an unusual association (del Carpio-O'Donovan and Cardinal) (CR) 375

- CYTOMEGALOVIRUSES:** Cytomegalovirus pneumonia: computed tomography findings (Aafedt and others) (OA) 276

- magnetic resonance imaging of an unusual association (CR) 375

- DEMBNER A:** See **KALISHER L** Jt Auth

- DESAUTELS JEL:** Malignant myoepithelioma of the breast: a case report (CR) 387

DIAGNOSTIC IMAGING:

- Coronal computed tomography (Friedman and Halla) (OA) 287

- Darkroom transplant (Merchant and others) (PIA) 393

- Glomus of the choroid plexus: the normal spin-echo appearance on magnetic resonance imaging (Koopmans and others) (OA) 195

- Magnetic resonance imaging of the spine: a method of vertebral localization (Byrne) (TN) 108

- Nonpalpable breast masses: radiologic predictability of malignancy (Hermann and others) (OA) 130

- A practical ruler for measuring cardiac diameter (Morparia) (TN) 236

- DIET THERAPY:** Fundic gland polyposis occurring with adult celiac disease (Doris and others) (CR) 149

- DILAWARI JB, CHAWLA YK, RAJU GS, KAUR U, BAMBERY P:** Splenoportovenography in portal hypertension: a safe outpatient procedure (OA) 146

- DISCITIS:** Case of the month #3: pyogenic discitis (Torbiak and Pugash) (RC) 49

- DOERSCHUK C:** See **FORSTER BB** Jt Auth

DOGS:

- Fluoroscopically guided percutaneous gastrostomy: is gastric fixation necessary? (Moote and others) (OA) 363

- Magnetic resonance imaging of hydrostatic pulmonary edema in isolated dog lungs: comparison with computed tomography (Mayo and others) (OA) 281

- DON C, BURNS KD, LEVINE DZ:** Body fluid volume status in hemodialysis patients: the value of the chest radiograph (OA) 123

- DORIS I, QIZILBASH A, MEGHJI M:** Fundic gland polyposis occurring with adult celiac disease (CR) 149

- DRIEDGER AA:** See **LAURIN NR** Jt Auth

- DRUG THERAPY:** Design of combined treatment trials (Aref) (L) 109

- DUMONT M, MARCHAND L, LAROCHE B, ROBERT G, THABET M:** Scintigraphic evaluation of renal function after extracorporeal shock-wave lithotripsy (OA) 138

- DUNN G:** See **LAMKI N** Jt Auth

- DYSGERMINOMA:** Fine-needle aspiration of bone lesions (Bennett and others) (OA) 65

- E -

- EATING DISORDERS:** Regional bone mineral measurements (Ormerod and others) (OA) 59

- ECHINOCOCCOSIS:** Mediastinal hydatid disease: report of three cases (von Sinner and others) (OA) 79

- ECHOCARDIOGRAPHY:** Computed tomography of cardiac and pericardial tumors (Dawson and others) (OA) 270

- EDDY RJ:** Explanatory note (RC) 237

EDITORIALS:

- Introducing the journal's new editor (Sutherland) 185
 Maintenance of competence in radiology (Rankin) 121
 The Sterling-Winthrop Imaging Research Institute (Potts and Stevenson) 258

- EDUCATION:** The film-reporting session as a qualifying examination in diagnostic radiology (Munro and others) (OA) 186

ULTRASONIC DIAGNOSIS:

- Degradation of stored ultrasonographic images (Hutton) (L) 163
- Detection of acute cholecystitis in children (Coughlin and Mann) (CR) 213
- Malignant carcinoid within a recurrent sacrococcygeal teratoma in childhood (Stringer and others) (CR) 105
- Plexiform neurofibroma: report of an unusual presentation (Nguyen and others) (CR) 103
- A prospective study of 8413 asymptomatic women undergoing mammography (Rosenbloom and Lisbona) (OA) 207
- Sonography of hip joint in infective arthritis (Shiv and others) (OA) 76
- Transvaginal sonographic evaluation of the retrodisplaced uterus (Lamki and others) (OA) 291

- Ultrasonography and radiography in the diagnosis of Peyronie's disease (Pohar and others) (OA) 369
- URETER: Ureteral valves: preoperative radiologic diagnosis (Merchant and others) (OA) 347
- URETERAL OBSTRUCTION: Ureteral valves: preoperative radiologic diagnosis (Merchant and others) (OA) 347
- URETHRAL OBSTRUCTION: Pyocystis with urethral obstruction: percutaneous cystostomy as an alternative to surgery (Tung and Papanicolaou) (OA) 350
- URINARY CATHETERIZATION: Pyocystis with urethral obstruction: percutaneous cystostomy as an alternative to surgery (Tung and Papanicolaou) (OA) 350
- URINARY TRACT: Ureteral valves: preoperative radiologic diagnosis (Merchant and others) (OA) 347
- URINARY TRACT INFECTIONS: Pyocystis with urethral obstruction: percutaneous cystostomy as an alternative to surgery (Tung and Papanicolaou) (OA) 350
- UROGENITAL ABNORMALITIES: Ureteral valves: preoperative radiologic diagnosis (Merchant and others) (OA) 347
- UROGRAPHY:
Darkroom transplant (Merchant and others) (PtA) 393
Ureteral valves: preoperative radiologic diagnosis (Merchant and others) (OA) 347
- UTERUS: Transvaginal sonographic evaluation of the retrodisplaced uterus (Lamki and others) (OA) 291

- V -

- VAGINA: Transvaginal sonographic evaluation of the retrodisplaced uterus (Lamki and others) (OA) 291
- VEINS:
Interobserver variability in the interpretation of contrast venography, technetium-99m red blood cell venography and impedance plethysmography for deep vein thrombosis (Illescas and others) (OA) 264
Subcutaneous fat necrosis with hypercalcemia (Cunningham and others) (CR) 158
- VENA CAVA, INFERIOR: Post-traumatic fat embolism in the inferior vena cava (Liu and others) (CR) 303
- VILANA R: See PERICH J Jt Auth
- von SINNER WN, LINJAWI T, AL WATBAN J: Mediastinal hydatid disease: report of three cases (OA) 79

- W -

- WATSON AB: See LAMKI N Jt Auth
- WEBBER CE: See ORMEROD S Jt Auth
- WEISBROD GL: See CHONG BW Jt Auth
- WHOLE BODY IRRADIATION:
Coronal computed tomography (Friedman and Halls) (OA) 287
Regional bone mineral measurements (Ormerod and others) (OA) 59
- WILK A: See CATTON C Jt Auth
- WOLFSON C: See ILLESCAS FF Jt Auth
- WOUNDS AND INJURIES:
Achilles tendon ossification and fracture (Resnik and Foster) (CR) 153
Computed tomography demonstration of subarachnoid-pleural fistula (Hicken and others) (CR) 222

- Computed tomography of wrist trauma (Friedman and others) (OA) 141
- Post-traumatic fat embolism in the inferior vena cava (Liu and others) (CR) 303
- WRIST: Computed tomography of wrist trauma (Friedman and others) (OA) 141

- X -

- X-RAY FILM:
Darkroom transplant (Merchant and others) (PtA) 393
Degradation of stored ultrasonographic images (Hutton) (L) 163
The film-reporting session as a qualifying examination in diagnostic radiology (Munro and others) (OA) 186
Zero-added-dose gastrointestinal film studies: update (Hamilton) (L) 109
- X-RAYS: Practical aspects of mammographic-pathological correlation: experience with needle localization (Samuels and others) (OA) 127
